

```
graph TD; A[ ] --> B[Normalization]; B --> C[ ]
```

Normalization

A vertical line enters the top of a light gray rectangular box labeled "Normalization". A vertical line exits the bottom of the box and ends in a black downward-pointing arrowhead.

```
graph TD; A[ ] --> B[Sim step]; B --> C[CNN-DFE]; C --> D[ ]
```

Sim step

A vertical line enters the top of a light gray rectangular box labeled "Sim step". A vertical line exits the bottom of the box and connects to the top of a second light gray rectangular box labeled "CNN-DFE". A vertical line exits the bottom of the "CNN-DFE" box and ends in a black downward-pointing arrowhead.

CNN-DFE
